

Proposals for deliverables for workshop 1: “Diversifying Student Mobility” 1/2

- **Strengthen existing initiatives** aimed at facilitating access to study abroad for underrepresented groups (Institut Villebon Charpak’s programs, Passeport Avenir’s initiatives with the United States...).
- **Diversify financial support:** develop financial aid programs (French-American Fulbright Commission, MICEFA...).
- **Add diversity criteria** to existing financial aid programs to facilitate access for new publics.
- **Extend the « Administrator’s visits program »** of the French American Fulbright Commission to French administrators coming to the United States.

Proposals for deliverables for workshop 1: “Diversifying Student Mobility” 2/2

- **Internationalization of democratization programs** (scaling iREU NSF program)
- **Share innovative programs and best practices** of study abroad initiatives to better suit the needs of both the American and French institutions.
 - **Asymmetric exchanges** (for example : summer school in France for American students / semester abroad in the United States for French students).
 - Exchanges including intensive French as a second language or English as a second **language courses/cultural awareness program** (think in terms of groups rather than individuals, provide success stories for students from the same background)
 - Exchanges followed by a **short term internship** in a company or lab.
