BOOST INFORMATION AND KNOWLEDGE

France Alumni offers to former international students a range of tools to extend the French experience:

- Directory
- Job offers
- Events
- Discussion groups

France Alumni offers the right information at the right time, resources related to education courses in France, sections dedicated to major French companies and job and internship offers.

The website also informs about French business, science, economic and cultural life in its magazine section, and about the most interesting events for alumni.

France Alumni is a dedicated platform for former students who wish to value their experience by registering in a broad French network.

5 GOOD REASONS TO JOIN

France Alumni is made of women and men that are united by a same common ground: France. It’s a network of former students and professionals, who use available tools to transfer information, share and improve.

An indispensable directory to guide you through the network of alumni

The France Alumni directory is interactive and allows you to make precise multicriteria searches. You may contact former students or users from various countries using common centers of interest. You supervise your data and your profile can be partly privatized.
