

## Café des Sciences #99 Li-Ion Batteries

Published on Friday April 26, 2019

View online : <https://www.france-science.org/Cafe-des-Sciences-99-Li-Ion.html>

- **When** : Thursday, May 23, 2019
- **Where** : Québec Government Office in Boston, 201 Washington St, 38th Floor, Boston, MA
- **Registration**
- **Presentation in French**

### Guest

**Aziz Abdellahi** works at **A123 Systems**, leader in advanced energy storage solutions for the automotive industry. As an experienced modeling scientist, his mission is to align cell performance with the stringent requirements of automotive applications. His responsibilities include battery life modeling, vehicle-level performance analysis and support for cell design, testing and validation. He holds a Ph.D. in Materials Engineering (MIT) and has published more than 10 peer-reviewed articles in the field of Li-ion batteries.

### Presentation

In this 99th edition of the Café des Sciences, Aziz Abdellahi will present the lithium-ion batteries and their applications, particularly in electric vehicles.

### Program

- 6:00pm : Welcome
- 6:05pm : Presentation
- 6:35pm : Q&A
- 6:45pm : Networking
