Building up to the **United Nations Climate Change Conference** to be hosted by France in December 2015 (**COP 21-Paris Climate 2015**), the Embassies of France in both Canada and the United States **are organizing FACTS (French Ameri-Can Climate Talks)**, a conference series to take place in seven cities in the United States and Canada involving renowned scientists, civil society representatives, NGOs, political figures, journalists and entrepreneurs.

FACTS in Chicago : Towards A Positive Agenda in Climate Change

In partnership with the University of Chicago and Baker&McKenzie, the Cultural and Scientific Services at the Consulate General of France in Chicago will organize a conference with two roundtables to exchange about the need for urgent and strong action about climate change at all levels and the related economic opportunities.
