WELCOME TO LYON

More than a Culinary Capital, Lyon is now one of the most attractive places to live and work in Europe.

Education is a priority in Lyon, with renowned and international schools with a wide-range of career fields. It has a dynamic scientific community; offering research opportunities in the areas of health, biotechnology and environment.

Lyon is always looking for new talent to innovate and develop; as well as offering a well-educated workforce for a broad range of industry and technology from biotech to cinema.

Lyon and its region offer a lifestyle few can match. Residents and visitors can take advantage of its rich history, arts and cultural events and its proximity to the Alps where outdoor enthusiasts can enjoy snow and an abundance of recreational activities. Lyon's cultural environment and excellent health care make it a very attractive place to live.

SOME PARTNERSHIPS

- **Institut Paul Bocuse**: Today, Institut Paul Bocuse is one of the leading higher education and research

institutions with an international presence. It bears a culture of excellence in the great tradition of the French lifestyle arts and it trains 540 students from 37 countries to learn a trade and the specific management skills they will need in the hotel, food service and culinary arts sectors.

- **CENS**: The Centre for European Nutrition and Health (CENS) is a collaborative structure with a « one-stop-shop » approach to investigate Nutrition by considering all dimensions and offer a comprehensive vision of the field.
