While the world of the science-entrepreneurship ecosystem is impatiently waiting for the Hello Tomorrow Global Summit planned for October 2016 in Paris and the results of the **Hello Tomorrow Challenge**, Hello Tomorrow is back in L.A for the second year.

With the support of the Office for Science and Technology, Hello Tomorrow invite you to:

THE FUTURE OF SPACE

- **When:** Tuesday, Septembre 13, 2016, from 6:30pm to 10:00pm
- **Where:** 1250 Bellflower Blvd, Long Beach, CA 90840, United States
- **Tickets:** General admission: \$20 - Students: \$10
- **Register here**

Get updated on what's new and fresh in Space from Virgin Galactic, JPL, Google Lunar XPRIZE and space assembly startup Arkysis during an evening of space talks and networking. The event will reveal how major corporations, institutions, innovative startups and funds projects are contributing to the progress of the current space ecosystem.

About Hello Tomorrow

Hello Tomorrow is a global non-profit organization headquartered in Paris that aims to accelerate science & tech innovation by empowering startups and building connections between investors and industrials in numerous fields and backgrounds:

- Aeronautics
- Air Quality
- Beauty & Wellbeing
- Data & AI
- Energy
- Food & Agriculture
- Healthcare
- Industry 4.0
- Transportation & Mobility
- Water & Waste

Each year, they organize the Hello Tomorrow Challenge an international startup competition organized in France. The semi-finalists win a dedicated mentoring program, and cash prizes will be awarded to the winners and the grand winner of the competition.
