LE STUDIUM Institute for Advanced Studies is opening the call for applications of the Smart Loire Valley Programme.

Deadline for submission of applications is set on 9th February 2017 at 5:00pm (CET Paris time).

This call is open to all research disciplines and offers post-doctoral fellowships for international experienced researchers in region Centre-Val de Loire laboratories including:

- A 12-month fellowship in a high level laboratory
- Integration in an international scientific community
- Funding and organization of international scientific events
- Enabling environment (housing, administrative support, etc...)

For more information guidelines and online application, please follow the link [LE STUDIUM RESEARCH FELLOWSHIP*](#)

Eligibility:

The fellowships programme targets researchers with a least 5 years of post-doctoral experience. Candidates have to identify a research team in the region Centre-Val de Loire accepting to host the one-year residency. If necessary, LE STUDIUM can help establishing a link with a laboratory in the desired scientific field in the region.
