Recognized worldwide for research and innovation, the Paris region exceptional innovation environment will be at the fingertips of foreign companies during **Les Rendez-Vous CARNOT, The CARNOT meetings**. The event focused on the newest trends and advances in French R&D and innovation.

- Dates : The event will take place in Paris; **Espace Champerret**, on **October 18-19, 2017**.

18 October:
- « *Transfer Technology conference* » how to collaborate with the Carnot Institutes network
- « *Thursday evening* » Cocktail to network and discover Paris by night (approx. fees 50 €)

20 October - Morning « Labs tours » Visit the most important labs in the Paris region

As part of this show, **Paris Region Entreprises** organizes, for free, a **program dedicated to foreign companies and focused on the Paris region R&D labs**. This will be a **unique opportunity for foreign companies** to meet, exchange ideas and network with the most high skilled French scientists and their labs. It will also help them **to take decisive steps** in the development of their innovative products:
