

Call for Applications Researchers at the French National Institute of Health and Medical Research (Inserm)

Published on Friday January 11, 2019

View online : <https://www.france-science.org/Call-for-Applications-Researchers.html>

Inserm brings together 15,000 researchers, engineers, technicians, and administrative staff around one common goal: to improve the health of all by advancing knowledge of life and disease, innovation in treatment, and public health research. In order to lead its research policy as effectively as possible, Inserm owns over 350 research structures spread across France and abroad.

Inserm is the leading European academic biomedical research institution, and with nearly 12,000 publications a year; is second in the world only to the National Institutes of Health (NIH). According to the 2016 ranking by Thomson-Reuters, Inserm is also the world's 9th most innovative public research organization.

Inserm is recruiting: 60 tenure positions are offered to researchers m/f dedicated to biomedical research.

Call opening: December 11, 2018

Deadline for Applications: January 10, 2019 at 5.00.pm (GMT+1)

Running of the events (Committees assessment and hearing): From February to May 2019
